

THE CITY.

For not wealth or power or state,
But "git up and git" that makes men great.
We "git up and git" in the clothing line,
And have plenty of goods, both gay and fine.
We "git up" and make competition git,
We warrant our clothes to wear and fit
Outfitters to all of the male mankind,
Cheapest and best you ever will find
We would not say this if it was not so,
An' we remain, yours truly,
