

F FREIMUTH

Reliable Dry Goods Store.

Among the leading dry goods houses of the town worthy of mention is that of F. Freimuth, located in the Hurst building opposite the Phillips hotel. Mr. Freimuth has chosen one of the best locations in town, which is one of the important secrets to success in this line of business. His store encompasses a full line of dry goods, notions, etc., with all general goods found in stores of this description. His idea of business is to fill his shelves with goods which will find a ready sale in the locality where he is located, hence his store is not filled up with slow worn goods at prices so cheap as to be worth less to the buyer. An expert over of nine years in this part of the country has made him thoroughly conversant with the demands of trade and thoroughly competent to buy or sell. Mr. Freimuth has been in trade here for some time and by fair prices and honorable dealing has built up a steadily increasing business.
