

HEBREW REPUBLICANS.

They Organize the First Club of the Kind
in the County

At a meeting held at the Republican headquarters yesterday, M. L. Levin organized a Hebrew Republican club. The following officers were elected: President, D. Silk; vice president, M. Zalk; chairman, H. Yosefovitz; secretary, M. Leo Levin. Mr. Levin delivered an address, in which, describing the miserable condition of Russia and other European countries, he said, that a free country like that of the United States cannot be understood as such by those persons who still brag about the old country rotten ideas. Speaking about protection and free trade, he clearly pointed out that protection was a blessing to American industries and workmen. Free trade could not benefit America while in other countries it made workmen the slaves of hunger, starvation and militarism. Be an American in its true sense and be an honest voter, and a foreigner will get along in this country.

The next meeting will be Sunday, October 10. H. Yosefovitz will deliver an address.
