

Pears' Soap

The skin *ought* to be clear; there is nothing strange in a beautiful face.

If we wash with proper soap, the skin will be open and clear, unless the health is bad. A good skin is better than a doctor.

The soap to use is Pears'; no alkali in it. It is perhaps the only soap in the world with no alkali in it.

All sorts of stores sell it, especially druggists; all sorts of people use it.
