The purchase by the Standard of the rights in the Barred Dog breed, which has been the subject of much controversy, has been completed. The Standard has purchased the rights from the Barred Dog Association, and will now be the sole proprietor of the breed.

This purchase is a significant one, as it will allow the Standard to control the breeding and distribution of the breed. It is expected that this will lead to a more uniform and improved breed.

THE PROBLEM OF THE JEW

Zionism, the Movement Back to Jerusalem and What is Causing It.

Zionism, that is, the movement through the world for the object of the Jewish people to return to their ancestral home, Jerusalem, has received a powerful impetus from the recent discovery of the Dead Sea scrolls. It is now proclaimed that the movement is not only a religious one, but a political one. The Jews are now being urged to return to their ancestral home, and to establish a Jewish state there.

The movement is being led by a group of men known as the Zionists. They are a group of men who are determined to see that the Jewish people return to their ancestral home, and to establish a Jewish state there. They are a group of men who are determined to see that the Jewish people are no longer a persecuted and oppressed people, but a free and independent people.
