

## TWO CASES DISPOSED OF.

---

And Civil Calendar of Municipal Court is That Much Lighter.

In municipal court yesterday the two first cases on the civil calendar were disposed of. The suit brought against the Gately Supply Co. by I. Frelmuth for \$68, alleged to be due on a lease, was dismissed on motion of the defendant's attorney, the evidence not constituting a sufficient cause for action, in the opinion of the court.

The case of Abraham Levine vs. Ed Ebner, in which the latter is sued for \$50, was decided in favor of the defendant. Levine alleges that he gave Ebner a watch to examine, but that it was not returned and he could not get it back. The defendant, however, denied the allegations of the plaintiff and said that the watch had been returned.
