

DANCE FOR EMPLOYEES.

I. Freimuth Entertains Them at the St. Louis Hotel.

The St. Louis hotel was the scene of a delightful dancing party last evening, the affair being by I. Freimuth to the employes of his department store. Mr. Freimuth said that his assistants did such splendid work in helping open his new store, which has proved such a success, that he felt he should manifest his appreciation of their services, by giving them a good time. So all the employes of the store was present, accompanied by their wives or sweethearts, as the case might be. A few of Mr. and Mrs. Freimuth's friends were also present, bringing the total number in attendance up to about 80 couples.

The dancing took place in the dining room which had been cleared, and attractively decorated for the occasion. Frappe and light refreshments were served during the evening and everything was done to add to the pleasure of the guests by the hospitable host and hostess.
