DULUTH Labor Notes.

The Butchers' union are not going to Sunday picnic this year, as it has been their habit in the past.

During the past year they have been working to have their employers to agree with them, and take a week day off for a picnic, such as the grocers do. A petition has been circulated among the retail butchers and nearly all of them have agreed to close on the Butchers' picnic day, which will be July 25. The picnic will be held at Fond du Lac, and, W. Tunell, Geo. Klisinger, Andrew Hanson, M. Neuman and Fred Schoening, have been appointed as a committee to make proper arrangements.

At the last meeting of the Butchers' union it was explained that the boycott on the Cudahy Co. does not apply to the Cudahy Packing Co., which is a different concern entirely.

The Painters' union contemplate giving a public picnic in the near future. No definite arrangements have yet been made, although the matter has been discussed in the union for some time.

The friends of E. Richard of the Butchers' union were pained to learn of the sad death of Mr. Richard's thirteen month old son on Thursday. The Butchers' union at its Tuesday evening meeting appointed a committee to draft resolutions of sympathy.

The Cigarmakers' union at its last meeting elected the following officers for the ensuing term: President, Wolf Schwartz; vice-president, Ed. Tolhurst; financial secretary, Matt Ettinger; recording and corresponding secretary, A. W. Jones; treasurer, F. J. Piering; sergeant at arms, Ed. Vail; trustees, J. Patchewski, W. Kehtel and O. E. Runke; finance committee, W. Kehtel, L. Berger and F. E. Piering.

Forepaugh-Sells' second car was in the city yesterday advertising the stupendous splendor and the myriad of magnificent attractions of that circus, which appears here July 9.

Secretary T. E. Hill has called a meeting of the Duluth Improvement association for Saturday afternoon at 4 o'clock at which time a number of prominent citizens will also be present to discuss the proposed marine demonstration, to be held here this summer providing sufficient interest can be aroused to make it a success.

One of the advantages of the drouth is that mosquitoes and bugs which are usually plentiful this time of year, are missing. It is said that a real business like mosquito has not been seen in Duluth this season. One of the local disadvantages of the drouth which has not been mentioned is that the milkmen are talking about raising the price of milk tickets on account of the short grass crop.

The death of August Anderson, eldest son of Rev. and Mrs. Anderson of the First Swedish Methodist church, occurred Monday night, of consumption. The deceased was about 20 years of age, and had been in poor health for a number of months. The funeral arrangements have not yet been completed, but the remains will probably be shipped to Litchfield, Minn., the former home of the family, for interment.

Notice to Plumbers!

The State Board of Commissioners of Practical Plumbing hereby give notice that on the 9th day of July, 1906, they will meet in Duluth to examine all applicants as provided for by chapter 319, of the general laws of the state, approved April 23, 1897, entitled "An act to prevent incompetent persons from working as journeymen plumbers or conducting the business of plumbing in any city or town having a population of ten thousand (10,000) inhabitants or more, which has a system of sewer or water works, in the state of Minnesota. A. W. SCOTT, Pres. D. J. HARRINGTON, Sec'y.

MILLER IS NOMINATED.

Railroad Employees Candidate Wins Out at St. Paul.

Joseph G. Miller was nominated by the Republican state convention in St. Paul Thursday as a candidate for a member of the Railroad and Warehouse Commission. It was a happy lot of Brotherhood men, that called at the office of the Labor World yesterday and expressed their gratitude to the other branches of organized labor for the loyal support rendered.

"It was more than we could ever expect," said one of them, "it proves to our satisfaction that our organizations should come closer together, we find by doing so that our influence can be felt on any occasion. If we are divided neither one can accomplish very much, but when we are united, they ALL come to see us."

NOW FOR THE BIG SHOW.

Forepaugh-Sells Great Circus Shows Here July 9.

Under the personal direction of such master managers as James A. Bailey, W. W. Cole and Lewis and Peter Sells—with the first-named gleaning every foreign field for noted and novel features—the Adam Forepaugh and Sells Brothers' united menageries, circuses and hippodromes have grown to be the greatest show of the era, and so generally recognized from New York to San Francisco. Now brilliantly and exclusively dominating the metropolitan field, left vacant by the departure for foreign parts of the Barnum and Bailey show, and making a season in Madison Square Garden a part of its regular program, the World says it is "the big-

gest circus that New York ever saw," and that unqualified compliment is heartily seconded by the press and public generally. That is just the shape in which it will appear at Duluth on Monday, July 9, bringing a wealth and variety of entertainment it is simply impossible to refer to in detail. There are hundreds of rare wild beasts, birds and amphibians, including three herds of performing elephants, the only school of trained sea lions and seals, and a whole caravan of other cute and cunning animals. There are hundreds of really talented artists and royally beautiful horses, and over a hundred brilliant acts and electrifying races. The colossal circus company contains all the fun that the biggest tent can hold, furnished by twenty-five famous and versatile clowns, nineteen champion male and female bareback riders, and troupes of thrilling and wonderful experts in mid-air and ground sensations. Everything is of the best and there is enough of it to fill three rings, elevated stages and pedestals, across aerial space and the biggest coliseum course ever conceived. The morning parade will be the same, which, passing under the great Dewey arch, dashed and delighted over half a million pair of eyes.

AUSTRIAN PEASANTS.

Party Passes Through Duluth En Route to North Dakota.

A score of Austrian peasants, who arrived by boat yesterday direct from their native land, attracted a great deal of attention at union depot in the afternoon, shortly before their departure for Dickinson, N. D., where they will form a colony and cultivate the soil. They were attired in the customary buck skin suits of the peasantry and wore heavy underclothing, which would be unbearable to the people of this country. The women in the party have on high leather boots. There were a number of children, also, and each was decorated with various kinds of gay colored ribbons. The tout ensemble was most interesting to behold.

DEATH OF JOHN WILSON.

Very Sudden Summons for Young Duluth Man.

John Wilson died suddenly at St. Mary's hospital yesterday morning at 10 o'clock from acute Bright's disease. Mr. Wilson was sick less than 12 hours, and was not known to be afflicted with the disease of which he died. Tuesday he complained of a headache, but in the evening he made a visit to friends at Glen Avon, returning to his room about 10 o'clock. About midnight he felt seriously ill and a physician was called, and Mr. Wilson was removed to the hospital. He lapsed into unconsciousness at 3 o'clock, which condition he remained to the end.

Mr. Wilson had lived in Duluth a number of years and was a popular and well known attaché of Robbins & Warner, the board of trade firm, and was 29 years of age. The funeral will take place Friday afternoon from the home of Alexander Wilson, a brother, in the Buffalo flats.

Municipal Court Jurors.

Municipal court jurors for the term beginning July 3 have been summoned as follows: J. H. Edwards, D. G. Niles, Q. V. Quillard, Colby Walker, Emil Schiender, H. A. Kitchell, David Walker, John P. Larson, William Eard, Nathan Giddings, Ray T. Lewis, Iver Olson, J. C. Merrick, Andrew Olson, J. H. Schellenberger, S. E. Cornish, Tobias Clementson, A. M. Prudden, W. S. Woodbridge, W. J. Wallace, John Anderson, C. E. Evans, J. H. Grothelm and Robert Atlick.

ANOTHER BALL TEAM.

Freimuth Club Is Anxious to Get a Game.

The latest ball team in the field is the nine composed of employees of I. Freimuth's mammoth store. The manager wants it understood that his is not a "corner lot" club, and will meet any of the clubs representing business institutions in the city. Preference would be given a team from Pantan & White's establishment, but the Freimuth team is willing to take on any of the strong amateur ball tossers. All communications should be addressed to Joe Medley, captain.

BRYAN AND TOWNE TRAIN.

It Will Carry Fifty Duluth People to Kansas City.

The Bryan and Towne train which will leave Minneapolis July 3 for the national Democratic convention at Kansas City, will carry a large number of the Duluth admirers of those gentlemen. Dr. Cullom, who has been arranging the details of the trip from here, has secured a rate of \$19 for the round trip, with sleeping car accommodations for three days at Kansas City, or \$16 for tourist car accommodations. He expects that nearly 50 will go from this city, although the list has not been perfected as yet. The train will be elaborately decorated with Bryan and Towne banners, flags and bunting and it promises to attract a great deal of attention, as she pulls into the booming metropolis on the Kaw.

How the Queen is Photographed.

When her majesty wishes to have a new photograph taken, she sends a command some days beforehand to the photographer upon whom her choice may fall, to attend at the royal residence on a certain day and at a certain hour.

The photographer takes with him his apparatus and two assistants, and a room is specially prepared for the sitting. The Queen is a very good subject and displays no impatience during the ordeal, which is necessarily a tedious affair, as she is always taken in a number of different positions, proofs of all of which are submitted to her. Her majesty then makes a selection, and prints are only taken from those she approves of. No one is allowed to publish a photo of the Queen without first submitting the photo to her and obtaining her permission to do so.—London Express.

TRADES ASSEMBLY

A. W. JONES OF THE CIGARMAKERS' UNION, IS ELECTED PRESIDENT.

Other Officers Elected—The Assembly Contributes \$50 to Entertainment of Delegates to Longshoremens' Convention—Number of New Delegates are Received—The Various Trades Report Trade Fair.

The Federated Trades assembly at its regular meeting last Friday evening elected a representative corps of officers who will reflect much credit upon the assembly. A. W. Jones, the newly elected president, is a member of the Cigarmakers' union, and is well and favorably known in the ranks of labor. He is an earnest and enthusiastic worker in the cause, and we predict that the assembly will thrive under his administration as it never did before. The delegates to the assembly should well congratulate themselves that they have been so fortunate as to secure the services of so able a man as Mr. Jones.

Mr. Geo. Davis who was re-elected vice president will make a good second to Mr. Jones. Mr. Davis is also very enthusiastic in the cause. He is a prominent member of the Carpenters' union and a faithful attendant at the meetings of the assembly. Under Jones and Davis the Trades assembly should regain its old-time reputation.

In the absence of President McMurry, vice president Davis presided at the meeting. The credentials of C. B. King, J. McCauley and Ed. Kriz, of the Bootmakers' union, also of J. W. Richardson, of the Carpenters' union, were received and the delegates were obligated.

The unions report the following conditions of trade:

Boilermakers, trade is slack, some men laid off.

Carpenters, trade is fair.

Clerks report that very few union men call for card.

Cigarmakers, work is slow. Eight of their members laid off and have left the city.

Freight Handlers and Longshoremens report work as very slack.

Plumbers are on easy street.

Laundry drivers, all working.

Shoe employees are most all idle.

Bookbinders claim that work is good and all members are working.

Brewery workers are all busy.

Electricians trade is good.

Porters are getting along nicely.

REPORTS OF COMMITTEES.

The banner committee reported that they were looking for a good design for a banner, and could report nothing definitely at present.

The unfair committee was instructed to push the Incline pavilion boycott and print 5000 circulars to the effect that the boycott was still on.

The secretary was instructed to correspond with the headquarters of the Amalgamated Street Railway employees and secure from them a statement as to how to take the boycott off the pavement.

The Longshoremens' union asked the assembly to give them financial support for the entertainment of delegates to their convention.

The assembly very magnanimously contributed the sum of \$50.

ELECTION OF OFFICERS.

A. W. Jones, Geo. Davis, and Ed. Kriz were elected for president.

It required but one ballot to decide and A. W. Jones was elected.

For vice president, C. B. King, Geo. Davis and C. F. W. Hegg were nominated and Geo. Davis was elected.

J. W. Richardson was unanimously re-elected recording secretary, as was J. A. Pider for financial secretary.

For treasurer Ed. Kriz and H. W. Krause were nominated and Ed. Kriz was elected.

Wm. Longstreet, Joe Guttmann and C. B. King were elected trustees, and Jesse Walker was elected sergeant-at-arms.

President-elect Jones reported the proceedings of the Red Wing convention of Minnesota State Federation of Labor to the assembly. It was a very complete report and gave a synopsis of the entire work of the convention.

Many of the assembly delegates have discussed the report during the week, and all join in saying that the report was not only the best ever presented, but that the work of the convention will surely be productive of the best results.

EXCURSION!

TO TWO HARBORS, (Weather Permitting.)

SUNDAY, JULY 1st.

ROUND TRIP 50c.

Children, 6 to 12, Half Fare.

ON STEAMERS

H. R. DIXON AND HUNTER.

Steamer H. R. Dixon will leave Booth's Dock at 10 a. m., and Hunter at 2 p. m., returning leave Two Harbors at 5 p. m.

Discouraged.

"Did you ask old Spiggot for his daughter?"

"No. The first thing I saw when I stepped into the office was a big placard over the phone with these words in large letters: 'Call Main 6161 for ambulance.' It seemed like an omen and I went out."

Theorizing.

"Do you believe that men are descended from orang outangs?" asked the studious man.

"There's the trouble with these scientists," said Mr. Blykins. "They generalize too much. They don't discriminate. They get an inkling of the truth and then stop. I know well enough that I wasn't descended from any orang uto. And I don't believe you were. But there are numerous people about whom we are justified in having our suspicions."—Washington Post.
