Louis Roos the Recipient of One by  
Fellow Employes.

Louis Roos was the recipient of a pleasant surprise Saturday evening, when his associates presented him with a handsome diamond set charm, as a token of kind remembrance from fellow employes.

Mr. Roos has been in the employ of Mr. I. Freimuth for the past 12 years and will leave in a few weeks for Australia to engage in business with his brother, who is well established there.

With the presentation the sincerest wishes were expressed for his success in his new home.
