

## BIG WASH GOODS SALE.

### I. Freimuth Places 22,000 Pieces Containing Over 100,000 Yards On Sale.

Twenty-two thousand pieces of wash goods containing 108,965 yards was the purchase made by I Freimuth a short time ago and which was placed on sale at the popular drygoods store Wednesday.

This is said to be the largest purchase of wash goods ever made in Duluth by a retail dealer and if the pieces were laid out end to end they would cover a straight line over sixty-one miles in length.

The goods contain all the latest 1903 patterns and as they were bought at a great sacrifice they will be sold at low prices.
