

MISS HELEN KARON'S COMMISSION HERE

**She and William Roycroft Appointed
Members of Government Examin-
ing Board for This District.**

Miss Helen Karon and William A. Roycroft, members of the local customs office, have received new commissions. Yesterday they were appointed by the Washington civil service department members of the examining board for the district.

This is a new departure. Formerly this board was composed of those who acted for the customs office and post-office departments in the city. Recently an order was made effecting a division of the two departments.

O. A. Berg of the customs office in Superior had been the member of the joint boards. While he remains in charge the other two members of the local customs office force are assigned to assist his. Their commissions arrived yesterday.
