

# FUR ROBBERS STILL AT LARGE

---

## R. Krojanker Unable to Determine Exact Amount of His Loss.

---

R. Krojanker was unable yesterday to make an exact statement of his loss through the burglary of his store at 12 West Superior street Thursday night but it is believed that his loss will reach \$800.

Within half an hour after the burglary was discovered every officer in the department had a description of the stolen furs and Lieutenants Schulte and Terry and Detective Irvine worked on the case all day without success. All trains leaving the city yesterday were closely watched and the police departments in the Twin Cities and surrounding towns were notified.

It is believed that the thieves will conceal the plunder for a few days and attempt to dispose of it through third parties.

Burglar insurance agents were busy yesterday as a result of the robbery.
