

ALBENBERG GETS ALL THE STOCK

**Buys Up Spicer-Fanning Co.'s
Goods and Will Occupy
the Store.**

Albenberg & Co.'s bid on the Spicer-Fanning company's stock of goods and store fixtures at the auction sale of the latter concern's outfit yesterday was declared to be the highest and the stock and fixtures at once turned over, to them.

A couple of other concerns submitted bids on certain portions of the stock but on the whole outfit the Albenberg company's bid was figured a little above the others. Mr. Albenberg said yesterday that his company would occupy the store vacated by the Spicer-Fanning people in addition to his own. He also said that the purchase stock would be placed on sale as soon as an inventory of it could be taken.

It is understood that the stock was bid in at about 50 per cent on the dollar.
