**DAILY MARKET REVIEW**—This has been a quiet day in the unlisted market. There are few bids and most all stocks were offered. Lake Superior & Pittsburg seems to be the weakest and it is hard to get any kind of a fair bid on same. Calumet & Pittsburg came out at \$26 today, but there was not enough to fill our orders. The copper market is strong, with the possibilities that copper will still sell higher and we cannot help but think that most any stock on the board is a good purchase. We note that some of the Butte mining companies are advertising in the City, that the brokers are taking orders for their stocks. We, for one, are not and have no subscription open at present with any of the properties at Butte. Idanha subscription list is still open at our office at 75 cents a share.

During early trading unlisted market held fairly firm, but later, following weakness in New York and Boston, the whole list sagged off, the Bonanzas but slightly, while East Butte, Black Mountain, Keweenaw, and American dropped nearly a point. Manhattan sold at 11. Comanche should be a purchase.

A telegram from Child, Cole & Co. Salt Lake City, reports rich strike on Manhattan Gold King.

People investing in Nevada gold subscription stocks must not do so under the delusion that there is an immediate market for these stocks. We have the assurance of Patrick Elliott & Camp and the L. M. Sullivan Trust Co. of Goldfield, that their stocks will be listed. A good trading market will result. We cannot say as to Gold King, but presume it will be listed in good time also. We have assurances from responsible people that the Nevada stocks offered by us are among the best in that section of rich properties, and that they will prove to be all that their sponsors claim for them.

As to stocks offered from other sections, we know nothing whatever about and would advise special investigation before investing.
