

VIRGINIA'S ALLEYS MUST BE CLEANED, SAYS BOARD

(Range Bureau of the News Tribune.)

VIRGINIA, July 28.—Many complaints have been heard from citizens regarding the great number of filthy and unclean places in the alleys and streets of the city. It is said that the health officer, C. W. Miller, has repeatedly served notices on owners of the adjacent property, but in most cases these have been disregarded.

However, this evil will be effectually remedied in a short time, according to the statement of Alderman Mesberg, who is on the board of health. He says that after notice has been duly given by the health board, and disregarded, the city will proceed to clean the premises in question, and charge the cost of the same against the property.
