

BRANDT TO HAVE HEARING IN COURT NEXT WEEK

The preliminary hearing of Ray Brandt, charged with assault with intent to kill Arthur Levenson, scheduled to come up in the municipal court yesterday, was continued for a week. The continuance was taken on account of District Attorney Foley being engaged in another case.

Levenson has practically recovered from his injuries and is able to be up.

It is alleged that Brandt struck Levenson on the head with a club.

Nelson Thayer, arrested for discharging firearms within the city limits, was released from custody by Judge Parker. The evidence showed that Thayer was innocent.
