The Duluth Police Department and fire investigators are holding a press conference at 11 a.m. regarding the investigation and arrest of a suspect linked to the Adas Israel Synagogue fire.

Police announced Friday that they arrested a suspect. No further details were provided on when and where the arrest was made, who was arrested, or how the fire started. Those are answers police and fire investigators will answer at the conference.

A 36-year-old man was booked into the St. Louis County Jail Friday on possible arson charges, but police have not said if he is linked to the synagogue case.
