

ADDED SPRING

LINES SHOWN BY

FRIEDMAN BROS.

Ben Friedman of Friedman Bros. returned from the east a few days ago and announced the purchase of new woollens to be added to the Friedman spring stock. The new lines are now on display at the Friedman shop. "Business this spring has been excellent," said Mr. Friedman yesterday. "We are purchasing week by week to keep our stocks complete and to assure Duluthians of a wide variety of patterns from which to pick their favorites. Every indication points to a large early summer business as our patrons now know Friedman service and buy accordingly."
