Within the last few days Mr. Chas. J. Rosenberg, traveling agent for the Inman line of steamers, has been in town to look after the interests of the line. Mr. Rosenberg informs us that the Inman line will carry 50,000 emigrants this year to the United States, of which 8,000 go to Minnesota alone. They come part under contract from Emigrant Companies, and part by pre-paid tickets sent them by their friends here. The company's agent here is John S. Prince, Esq.
