

## Creditors Make Another Move.

The notable scrap been Cohen & Gettelson of Superior and their creditors took a new turn yesterday. Last November, it will be remembered the sheriff attached for the creditors a car of goods that was being shipped out of town, and which were supposed to belong to Cohen & Gettelson. At this juncture A. Marks of Duluth, who is related to a member of the firm of Cohen & Gettelson replevined the goods, and Friday he won. Yesterday morning the sheriff levied on the goods on an execution of \$3,000 that was issued in February in favor of Simon Cook, one of the creditors of the Marks. It will take some time to straighten out the little tangle in which the goods have become involved.
