# Are Quick to See

Good Doctors Are Quick to See and Appreciate Real Merit in New Medicines.

Stuart's Dyspepsia Tablets are a discovery of great value to the medical profession and the public. They are

an unfailling specific in all cases of dyspepsia and disordered digestion.

Almost everybody's digestion is disordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers, which in many cases are merely strong cathartics. Such things are not needed. If the organs are in a clogged condition, they need only a little help and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels and often do more harm than good.

Purging is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stuart's Dyspepsia Tablets do this perfectly. They partly digest what is eaten and give the stomach just the help it needs. They stimulate the secretion and excretion of the digestive fluids and relieve the congested condition of the glands and membranes. They put the whole digestive system in condition to do its work. When that is done you need take no more tablets, unless you eat what does not agree with you. Then take one or two tablets—give them needed help and you will have no trouble.

Its a common sense medicine and a common sense treatment, and it will cure every time. Not only cure the disease but cure the cause. Goes about it in a perfectly sensible and scientific way.

We have testimonials enough to fill a book, but we don't publish many of them. However—

Mrs. E. M. Faith, of Byrd's Creek, Wis., says: "I have taken all the Tablets I got of you and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not got them I should have been at rest by this time."

H. E. Willard, Onslow, Ia., says: "Mr. White, of Canton, was telling me of your Dyspepsia Tablets curing him of Dyspepsia, from which he had suffered for eight years. As I am a sufferer myself, I wish you to send me a package by return mail."

Phil Brooks, Detroit, Mich., says: "Your dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia but am now entirely cured and enjoy life as I never have before. I gladly recommend them."

It will cost 50c to find out just how much Stuart's Dyspepsia Tablets will help you. Try them—that's the best way to decide.

All druggists sell them. A little book on stomach diseases will be mailed free by addressing F. A. Stuart Co., Marshall, Mich.

# Overcoats!

**MEN'S AND BOYS' SUITS!**

**FILIATRAULT, UNDERTAKER.**

Caskets. Robes. Embalming parlors  
between P. O. and bank. West Du-  
luth. Open day & night. Phone 2003.

**A Chrysanthemum Mot.**

From The Tattler:

Apropos of the chrysanthemum show which has been delighting horticulturists here in London, one may be permitted to quote a bon mot of Prince Ferdinand of Bulgaria, whose love for flowers is well known. On one of his recent visits to Paris he visited the chrysanthemum exhibition, and was enraptured with the gigantic beauties of the Japanese varieties.

One in particular, with enormously long petals of reddish gold, attracted his attention, and, turning to a friend who accompanied him, he said, with a smile: "A flower with long hair and hardly any heart. It should have been named 'woman'!"
