The law now allows one-half of the tax to be paid on or before May 31st, provided the whole tax is over one dollar, and then the other half can run until the end of October without any penalty, but if the first half is not paid by Saturday, ten (10) per cent must be added to the whole tax Monday morning.

The office is not open on Sunday. This law is mandatory on the Treasurer and admits of no alternative.

“FORCE”

“Ever notice how a song will go with an audience if it arouses the memory of a pleasing taste?” asked the first-nighter.

“Take that little song on the New York roof. Goes something like this:

“Everybody’s awful good to me,
Doncher know.
I’m as sweet as any girl can be,
Doncher know.
They took away my oastmeal,
But instead they gave me ‘FORCE’;
Everybody’s awful good to me.”

“Tune’s nothing extra; no sentiment; nothing particularly funny in it—yet every night the house goes wild. Only one way I can explain it. ‘FORCE’ is a mighty good breakfast food; has a dainty, delicate flavor, is crisp and flaky—just the kind of a dish that a man’s glad to see when he sits down to breakfast from force of habit and not because he wants to eat. It leaves a mighty pleasant taste, and, to my mind, it’s the memory of that

pleasant taste that causes the audience to appreciate so thoroughly that little song.” “FORCE” is a combination of the whole of the wheat and barley malt. Wheat contains all elements necessary for the sustenance and proper regulation of every organ of the body. It combines these elements in such proportions that no organ is overworked or under-exercised in the processes of digestion and assimilation.

Because malt is blended with the whole of the wheat, “FORCE” is a perfect food for the overworked or under-exercised stomach, as well as for the stomach in perfect health. Malt is the best natural tonic. In the manufacture of “FORCE” various chemical changes take place in both the wheat and malt which ordinarily are brought about in the first stages of normal and healthy digestion. This food, therefore, is quickly and easily assimilated, but still gives the various organs of the body sufficient exercise to keep them in perfect condition.

“FORCE” requires no cooking, and is delicious cold or warm.
