

# YOUNG PHYSICIAN'S LIFE IS ENDED

---

**Dr. A. E. Levinson Dies at St. Mary's  
Hospital After An Operation  
for Appendicitis.**

---

Dr. A. E. Levinson, one of Duluth's promising young physicians, died last night shortly before 8 o'clock at St. Mary's hospital, following an operation for appendicitis. He became sick Thursday morning and was removed to the hospital, where it was found that his condition was so serious that an operation afforded his only chance for life.

Yesterday morning a brother, Edward Levinson of Minneapolis, was summoned and he arrived here shortly before the doctor died, but the latter was partially unconscious at that time and failed to recognize him.

Dr. Levinson's former home was in Minneapolis, where he had a mother, two brothers and a sister. He was a graduate of the University of Minnesota and shortly after finishing his collegiate course he went to Tower to practice. About a year and a half ago he removed to Duluth and opened an office in the New Jersey building, where he has since conducted his practice.

The remains will be taken to Minneapolis for burial.
