

DECORATION DAY.

Preparations for the usual "Decoration Day" exercises have been made by the ladies of both the Catholic and Episcopal churches. The usual services will be held at the several cemeteries, and the White Earth School band will render appropriate music at each of the cemeteries.

EXPLANATORY.

In the last issue of the TOMAHAWK mention was made in the local column that Miss Ella Cajune was "handling the ribbons" of the Fosston stage line.

For this, Lee Logan, the TOMAHAWK's manager, was called to account during our recent absence by Miss Josie Burnette, who made him understand in a forcible way that she, and not Miss Cajune, is "handling the ribbons" of the Fosston stage line.

We humbly beg the young lady Jehu's pardon for not in the first place giving her the credit to which she was entitled, and hereafter we will insist upon having more reliable news from our reporter, relative to that particular stage line.

TOWNSHIP MAPS OF WHITE EARTH.

It will be absolutely necessary for all those who are entitled to an additional allotment of land under the Steenerson act, to secure township maps of this reservation, and they should call at the American Land Company's office, in the TOMAHAWK office building, and leave their orders. These maps cannot be obtained elsewhere except at the office of the Indian agent who cannot allow them, under a strict rule of the interior department, to be copied or given out. The map which will be sold from the American Land Company's office will show all the unallotted tracts on this reservation. The price of the maps will be very reasonable, but in order to secure them in time orders must be given immediately.

Locate Your Allotments.

And Get The

Most Valuable Lands

By Using The New Map of Becker County, Just Published by the Detroit Record.

Under the law just passed by Congress all Mississippi Chippewas are entitled to select an additional 80 acres of land on the White Earth Reservation. In order to locate the best of these lands it is necessary to know just what lands are taken, and what lands are unclaimed and subject to entry.

The Detroit Record's new map, made from the official records, gives all of this information, and the map is of great value to all those who are entitled to additional allotments. All lands now taken are shown, and names of the owners are given. Also all vacant or unallotted lands are shown.

Buy a copy of this map and take it with you when you go to make your selections. It is worth many times the price to every man on the reservation. The map is sold at the low price of \$5, and it will be sent at once by stage on receipt of the money, or an approved note due November 1st. Address.
