

# ALBENBERG RETURNS FROM EASTERN TRIP

---

M. C. Albenberg returned last evening from New York, where he has done extensive buying. In speaking of his trip Mr. Albenberg said to the News Tribune:

"I returned tonight from one of the most enjoyable and successful business trips that I have ever taken. I found conditions in the East much better than I had expected. Business houses are making large improvements for summer business and a feeling of prosperity permeates the entire merchant district. The amount of money seeking western propositions for investment will have a good effect on conditions here."
