

# YOUNG MANAGER ATTAINS SUCCESS

EDWARD A. SILBERSTEIN,

Manager of Silberstein & Bondy Store.

The phenomenal success of Edward A. Silberstein, as manager of the Silberstein & Bondy store in this city during the past 12 months has created a great deal of comment in the local business world.

Coming fresh to his task with diplomas from the universities of Michigan and Pennsylvania, this energetic young man has daringly put into ex-

stitution, and has shown exceptional knowledge of men in selecting his assistants.

The work of extending and building up the business will go on during the coming year, which promises an era of unequalled prosperity. It is hinted that new buildings with larger space for all departments are among the plans of the young manager, whose success

cution new ideas distinctly his own and has come through the year with an unbroken line of successes credited to him.

At every point his good judgment and ability have won increased business for his firm. New departments have been added with unerring insight into the needs of the public and other features of the business have been made more efficient and have expanded under his guidance.

The new manager has practically taken charge of the buying for the entire store and has conducted that important department with much credit. He has secured the hearty co-operation of all the employes of the in-

promises to equal that of the "grand old man" of the dry goods business, Bernard Silberstein.
