STR. B. F. JONES HAS CLOSE CALL

Just Escaped Foundering on Lake Superior in the Gale of Sunday.

(News Tribune Special.)
ASHLAND, Nov. 27.—It was by the narrowest of margins that the big steamer B. F. Jones escaped foundering on Lake Superior with all on board in the storm of Sunday night. After putting out from Duluth with a cargo of grain, the steering gear of the ship became disabled, allowing the boat to fall into the trough of the sea. The tremendous tossing which followed caused the cargo to shift to one side, bringing the steamer's rail down even with the water. When the vessel managed to reach the shelter of the Apostle Islands the hatch covers had been torn off by the seas. Water was pumped into the trimming tanks on the higher side to keep the ship from capsizing.

PROTECTED, MR. TILLMAN SPEAKS

Continued from Page 1.

gled with the crowd which blocked the street in front of the hall.
In the audience were many colored people but they listened to Senator Tillman's remarks good naturedly and although he was interrupted many times by those who wished to ask questions, no trouble developed.

Criticism of Mayor Dunne.
In leading up to his address, "Shall the United States Annex Cuba?" Mr. Tillman criticized Mayor Dunne's action in refusing to preside at the meeting.

"I have been told that I have been snubbed by the mayor of the city," said the senator, "I never saw Mayor Dunne in my life. I did not ask him to be here tonight to introduce me to this audience, nor did I ask anyone else to do so. If anyone has been snubbed it is these generous ladies, who planned this meeting to secure money for the Chicago Union hospital, who requested Mayor Dunne by the creature of a political power, to come forward and add his mite."

Cuba and Hare Question.
"I have been advertised to discuss the annexation of Cuba," continued Mr. Tillman, "but in view of the fact that I could not discuss that subject without discussing the race question, I am going to go at it hammer and tongs, straightforward, like a mat. Therefore I shall discuss the problem pure and simple from an American standpoint and not from a Cuban standpoint, owing to my experience with the question. I believe that the study I have made of it, I believe, is better qualified than any other man in America to discuss it. I am going to base my appeal on facts—not on theories."

LAKE NOTES BY WIRE

ASHLAND, Nov. 27.—The injuries sustained by the steamer George W. Peavey when it stranded at the Lime Kilns last night are found to be worse than was anticipated. Thirty-six bottom plates must be replaced. The steamer will winter here.

FOOT WILLIAM, Nov. 27.—William McCullough, of Harbor Beach, Mich., aged 21 years, a sailor on the steamer Abraham Stearn, fell from the rigging of his ship today, striking head first on floating ice. He was instantly killed.

SHEBOYGAN, Nov. 27.—The lightsight from Pees Reef was towed into the harbor this evening leaking badly. It will probably not be replaced on its station this season.

FURT BAY, Nov. 27.—The steamer Barge Tecumseh, loaded with coal, is aground about 300 feet inside Scott's Point shoal. The lightsight tender has pulled on her near and is unable to raise her. Tugs have been summoned and as the water is down it is hoped the barge can be released as soon as it sets back.

CHICAGO, Nov. 27.—Whaleback barge 118, bound up Lake Erie with a cargo of coal in tow of the steamer Eads broke away in the storm last night when 15 miles north of Fairport. Tugs have been sent out to search for it.

DETROIT, Nov. 27.—The steamer Chauncey Harbut was released from the beach at Pigeon Point, Mich., today. The boat is leaking at the stern. Two steam pumps are just able to keep it afloat. The boat will be replaced on its station at Toledo after it has received temporary repairs.

HE OBJECTS TO ANY TRANSFER

Chairman Tawney Does Not Wish to Leave the Appropriations Committee.

WASHINGTON, D. C., Nov. 27.—Congressman J. A. Tawney, chairman of the house committee on appropriations, does not take kindly to the idea that he may be transferred to the ways and means committee in the sixtieth congress.

The appropriations committee is one of the big things of the house, and its chairman is considered one of the leaders in shaping all legislation.

Mr. Tawney agrees that Republican modification of the tariff schedules must be undertaken as soon as possible.

His committee will meet this week to take up the legislative, executive and judicial bill.

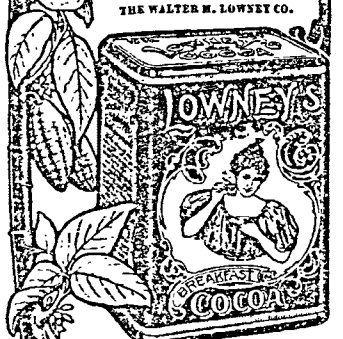

The Parisienne's Street Gloves.
From a Paris Letter:
Instead of white gloves for the street are those of pale biscuit tint and pearl gray. These shoes to match the costumes are now set aside in favor of black kid gloves, with Louis XV heels. For the evening it is imperative that shoes and stockings match the toilette.

LOWMEY'S BREAKFAST COCOA

Cocoa beans grow in pods on the trunk and limbs of a delicate tropical tree. They contain six times more food value than beef.

We use the highest cost beans that are grown and there is nothing in our cocoa but cocoa.

That is why it is the most delicious of COCOAS.

Grimm of Clear Lake, Iowa, were at the Spaulding last evening in their hunting togs. They have been out after deer and moose since the season opened and were on their way to St. Paul last night. The party did their hunting in Itasca county.

"We each killed the quota of deer allowed by law but we got no moose," said Mr. Block. "The snow was so deep for the past week or ten days that it was very difficult to get about in the woods. A man named Eustis of Carver county was lost for three days in the woods of Itasca county, but he was found by his friends."
