### STR. B. F. JONES HAS CLOSE CALL

Just Escaped Foundering on Lake Superior in the Gale of Sunday.

(News Tribune Special.) ASHLAND, Nov. 27.—It was by the narrowest of margins that the big steamer B. F. Jones escaped foundering on Lake Superior with all on board in the storm of Sunday night. After putting out from Duluth with a cargo of grain, the steering gear of the ship became disabled, allowing the boat to fall into the trough of the sea. The tremendous tossing which followed caused the cargo to shift to one side, bringing the steamer's roll down even with the water. When the vessel managed to reach the shelter of the Apostle Islands the hatch covers had been torn off by the seas. Water was pumped into the trimming tanks on the higher side to keep the ship from capsizing.

# PROTECTED, MR. TILLMAN SPEAKS

Continued from Page 1.

gled with the crowd which blocked the street in front of the hall. In the audience were many colored people but they listened to Senator Tillman's remarks good naturedly and although he was interrupted many times by those who wished to ask questions, no trouble developed.

**Criticism of Mayor Dunne.**  
In leading up to his address, "Shall the United States Annex Cuba?" Mr. Tillman criticized Mayor Dunne's action in refusing to preside at the meeting. "I have been told that I have been snubbed by the mayor of the city," said the senator. "I never saw Mayor Dunne in my life. I did not ask him to be here tonight to introduce me to this audience, nor did I ask anyone else to do so. If anyone has been snubbed it is these generous ladies, who planned this meeting to secure money for the Chicago Union hospital, who requested Mayor Dunne by the creature of a political hour, to come forward and add his mite."

**Cuba and Ilare Question.**  
"I have been advertised to discuss the annexation of Cuba," continued Mr. Tillman, "but in view of the fact that I could not discuss that subject without discussing the race question, I am going to go at it hammer and tongs, straightforward, like a mat. Therefore I shall discuss the problem pure and simple from an American standpoint and not from a Cuban standpoint, owing to my experience with the question. The intelligent study I have made of it, I believe, is better qualified than any other man in America to discuss it. I am going to base my appeal on facts—not on theories."

**Interrupted by 15th Amendment.**  
While discussing the 15th amendment of the constitution, which he declared gave the negro every right that a white man had, he was interrupted several times by one of his listeners, who kept asking "How about Kentucky?"

Finally Mr. Tillman seemed to lose his temper and exclaimed, "Oh, shut your mouth. You don't know the A. B. C's of this thing. I forgot 40 years ago more than you ever knew." "You make up your minds that equality before the law which the 15th amendment guarantees is right and should be enforced notwithstanding its result. If this law was enforced, it would result in two states at least being dominated by negroes while four other states would be so near being governed by the negro that there would be practically an equal division of offices."

A voice: "How about the law?" Senator Tillman: "The law? To hell with such a law." After telling in detail how the negro is prevented from casting his ballot in the south, Senator Tillman said: "There is a great deal more to this question than the little racket here in Chicago."

**Question About Negro Judge.**  
A voice: "How about the negro judge?" Senator Tillman: "Well I will tell you about your negro judge and about your political machines putting him on your ticket and bamboozling those poor ignorant negroes into electing him, and when afterwards you fellows who voted the ticket without knowing what was on it find a way to cheat him out of it. Makes Threat About Blood."

"No matter what the people in the north may say or do, the white race in the south will never be dominated by the negro, and I want to tell you now that if some state should ever make an attempt to 'save South Carolina,' we will show them in their fanaticism that we will make it red before we make it black. "God Almighty made the Caucasian of better clay than the Mongolian or the African or any race. The Ethiopian is a burden carrier. He has done absolutely nothing for history, nor has he ever achieved anything of any great importance. There are no great men among the races in the south and people has been picked out by the fanatics of the north, and lifted up to the equality of citizenship and to the rights of suffrage. A burden carrier. He has done absolutely nothing for history, nor has he ever achieved anything of any great importance. There are no great men among the races in the south and people has been picked out by the fanatics of the north, and lifted up to the equality of citizenship and to the rights of suffrage."

**Attacks on White Women.**  
Senator Tillman then told his audience of the attacks on white women by negroes in the south and declared that the people of the north were in a great measure responsible for this state of affairs.

**In conclusion Senator Tillman said:**  
"Now, as a general illustration of the injustice that is being done, I present Roosevelt discharged the companies of colored soldiers without a court martial, and in doing this he punished innocent men for the crime of a few. In doing this he transcended the authority of the law and he ought not to do it. I had a white man arrested during Mr. Tillman's speech a colored man and a Russian were arrested for creating a disturbance in the gallery."

### CONVICT STENSLAND MAKES BITTER COMPLAINT

CHICAGO, Nov. 27.—"I am in hell. Every day, every hour, every minute of my life I am in hell. Freedom among the wild woods and fields of Norway, in the blue, blinding sun of Devil's Island, or in the lonely reefs of Alexander Selkirk's island, is a paradise compared to the convict's life at Joliet penitentiary." Tears filled the eyes of Paul O. Stensland, convicted wrecker of the Milwaukee Avenue State bank, today as he uttered these words in the debtors' department of the county jail.

The giant form of the old Norwegian banker was convulsed with sobs as he told of his life in prison, to which he expects to return in a few weeks, as soon as he has testified against Walter Frantzen and the others under indictment, charged with having taken part in the million-dollar looting of the institution which he founded. "To a man of my temperament, hell can be no worse than the penitentiary. No spiritual state could be susceptible to the torture, the awful mental anguish that I have endured since I was brought back from Norway and sentenced Joliet," Stensland declared. "The petty rules of the institution are almost unendurable and yet I realize that such rules must be laid down and enforced. But think of it, I was a man who had been a 'boss' since I was 19 years old. All my life there were subordinates to do my bidding. "Now I am compelled to march in a line to stand at a table until a signal is given that I may sit down. Sit down to what? To food that it is impossible to eat, food that I would not give to my dog or cat."

## LOWNEY'S BREAKFAST COCOA

Cocoa beans grow in pods on the trunk and limbs of a delicate tropical tree. They contain six times more food value than beef. We use the highest cost beans that are grown and there is nothing in our cocoa but cocoa. That is why it is the most delicious of COCOAS.

The party did their hunting in Itasca county.

## WIFE FLED WITH ANOTHER MAN

Husband Says Woman Sold His House, Took Money and Baby and Decamped.

Wilfred Burns of Brine, Mich., is in hard luck, according to a letter received from him yesterday by Chief of Police Troyer. His wife is gone, having run away with another man, taking with her the money, which he had saved, with her. She also took with her their 2-year-old daughter, after selling the house and lot and all the furniture. Her husband says she is headed for Duluth. "I came home from work Saturday," declared Burns in the letter, "and found somebody else occupying my home. I asked them what they were doing in my house and they said, 'Go on, 23 for you; you're crazy,' and threw me out. Now I think my wife is heading for your city, but I don't care for her; just get the baby and some of the money if you can, and I'll give you \$25."

Chief Troyer was deeply touched by the man's pathetic appeal and instructed all of the patrolmen in the city to look out for Mr. Burns' wife and the man who it is claimed has broken up his home.

## The Use of Malt Extract in Food

Treat Cooked Wheat With It—Then Bake Crisp and Brown. That remarkable results in food value are secured by treating whole wheat with malt extract is illustrated in Malta-Vita, often called "The Perfect Food." In the preparation of Malta-Vita, the only malted whole wheat, we have the best factors in treating the whole wheat, steamed and cooked in absolute cleanliness and containing every food element necessary to the sustenance of the human body, (a) pure malt extract containing all the nutrition of best selected barley in a readily digestible form, so nutritious and strengthening that doctors everywhere recommend it. The malt extract mixed with the cooked wheat, converts the starch of the wheat into maltose, or malt sugar, an active digestant. The wheat is then rolled into wafer-like flakes, every grain a little flake—then baked in great, clean ovens under most intense heat. The result is Malta-Vita crisp and brown, a perfect food, rich in all the nutrition that builds up bone and blood, brain and muscle, healthy tissue and nerve force. On cold mornings try it with warm milk or cream. It is delicious. All grocers, 10 cents.
