

CONSIDERING PLANS FOR BUILDING CONCENTRATOR

BUTTE, Dec. 4.—Capt. A. B. Wolvin, president of the Butte & Superior Copper company, has been here accompanied by Theodore Hollister, I. Frelmuth, John G. Williams and R. M. Atwater, Jr., of Duluth; W. A. Neill of Milwaukee, and G. M. Loeb, R. Merton and Dr. Sussman. The latter three are representatives of the American Metal company which has entered into a contract with the Butte & Superior Copper company for the construction and operation of a zinc concentrator and mill for the treatment of the Butte & Superior zinc ore.

A meeting between the representatives and officers of the Butte & Superior company and the American Metal company was held at the Silver Bow club, when the plans for the construction of the concentrator were discussed.
