"La Reforma"

Begs to Make Its Bow to the Public

As manufacturers of high-grade Domestic and Clear Havana Cigars, of which brands our "LA LINDA" and "LA VERDAD" are of recognized merit, we hope to be equally successful in creating a demand for our newly added brand—

"LA REFORMA"

We have concentrated our ability, knowledge and business experience in our endeavor to produce a cigar which will be favorably accepted by smokers in general because of its unequalled merit in workmanship and quality.

It is broad leaf wrapper with clear Havana filler made in several

POPULAR 10c SIZES AND SHAPES

It may be had through usual dealers.

For convenience we submit names of those to whom we made deliveries last week.
