

# EFFORT TO ESTABLISH CREAMERY AT CLOQUET

(News Tribune Special.)

CLOQUET, Minn., Oct. 23.—An effort is being made to establish a creamery in Cloquet, and a mass meeting of farmers and citizens has been called at the city hall for Friday afternoon, Oct. 27. A committee from the Cloquet Merchants' association consisting of John Mattinen, Alex Summerfield and Ole Kolseth are in charge of the movement. It is the intention if possible to have the farmers of this section own the controlling stock and operate the creamery, the business men of the city furnishing any financial aid that may be necessary. Several times a creamery for Cloquet has been agitated, but never with any success, and the Merchants' association is determined that this time the creamery shall be an assured thing.
