

# TWIN PORTS UNIONS

## ISSUE NEAT DIRECTORY

---

The Twin Ports Union Labor Directory, which has just been published in a neat paper cover, is a valuable labor guide and throws some interesting sidelights on the many organizations in Duluth and Superior, as well as in other parts of the country.

The book opens with a list of all the officers of the American Federation of Labor and their addresses. Following are about 50 pages of advertising and a complete directory of the labor unions with headquarters in the Twin Ports. There are full lists of officers, councils, assemblies, and the address of each officer. The value of such a work can be seen at a glance. S. F. Folsom and L. Shenowsky are the publishers.
