

FIRE DAMAGES EMPRESS THEATER AT EVELETH

(Range Bureau of the News Tribune.)

EVELETH, Aug. 5.—Fire damaged the Empress theater to the extent of several hundred dollars last night. The fire started in the orchestra pit, and destroyed the big piano besides some scenery and part of the flooring. The fire was first noticed about half an hour after the second show was over and an alarm was instantly turned in. The people all got out.

This is the third fire which the theater has had since it was built, and leads to the suspicion that fire-bugs have been at work.
