

HIBBING PEOPLE DRIVE 70 MILES TO WEDDING

(Range Bureau of the News Tribune.)

HIBBING, Jan. 15.—Mr. and Mrs. Samuel Sapero and a woman friend attended the wedding of a relative at Virginia yesterday and chose an unusual method of conveyance at this time of year, making the entire distance from Stevenson to Virginia and return by hack. All parties thought the weather had moderated, following the comparative mildness of Saturday, and were not prepared for the exceptional cold which they encountered. All suffered severely, particularly the driver of the hack on the return trip this morning. The entire distance made by hack to attend the wedding was 70 miles.
