

Virginia Elks Invest \$5,000 to Make Lodge and Club Rooms Finest in the Northwest

VIRGINIA ELKS' TEMPLE TO BE HANDSOMELY FURNISHED.

(Range Bureau of the News Tribune.)

VIRGINIA, Dec. 14.—The committee in charge of furnishings for the new Elks' building, which includes lodge and club rooms has been authorized to invest \$5,000 in furniture and rugs and other equipment. The largest and most elaborately furnished apartments will be the lodge

reception rooms. O. H. Griggs, W. B. Shaver, Harry S. Gillespie and James Lavick have been in the Twin Cities for several days seeing lodge rooms, club rooms and furniture displays, with a view of deciding on what is best suited for the uses of the Elks' building here.

The building in Virginia will be

opened with a big program of events in February and at that time many prominent Elks from Duluth, the Twin Cities and elsewhere will be in attendance. The Virginia Elks expect to have lodge and club rooms which will be among the finest in the Northwest.
