

# BIWABIK BUSINESS

## HOUSES MAKE CHANGES

---

(Range Bureau of the News Tribune.)

BIWABIK, Feb. 19.—Max Cohen is remodeling the east half of the basement in his new building, putting it in condition for the billiard hall of his son, Harry Cohen. Spectators' platforms are being built, heating connections made and a gasoline system being installed. The new quarters are to be ready for Feb. 25. The former building on lot 6 is being overhauled and redecorated, having been leased by E. J. Casey for the City drug store. Mr. Casey has taken the whole building, including the flat on the second floor, which will be occupied by his family.

Mr. Casey is rapidly bringing his new store to the front and plans to put it up to the standard of his two places in Virginia and Eveleth. He recently moved here from Chisholm, having been interested in the drug business there as well as at Hibbing.
