From a superficial observation he has the impression that public sentiment is with the striking miners and they seem to be confident they will win the strike. The chief point involved is shorter hours, increase in wages for the trammers and recognition of the local organization of the Western Federation of Miners. The latter proposition is being most bitterly opposed by the companies.

# Final Clearance of all Summer Merchandise

It is the policy of this store to clear out entirely every article of summer merchandise remaining at the end of each summer season. We positively will not carry one piece over into the next season. This year because of the early arrival of the new fall and winter stock we are compelled to move the remainder of the summer goods quickly. ## SUMMERY SUGGESTIONS FOR THE OUTING COSTUME

SUMMER ORNAMENTS

THOUSANDS of pieces of summer jewelry at unexpectedly low prices. Glittering trinkets by the thousand decks out our store. There's a glint of gold, the sparkle of precious stones, rainbow-like in colorings and the sheen of silver. And the rich yellow-browns of the tortoise-shell as a contrast.

Thousands of dollars' worth—if it were only real! But it isn't—simply the effective, pleasing, specious jewelry that so many people want in summer—jewelry that can be worn with impunity anywhere—decorative, useful, yet not a subject for heart-break if you chance to lose it. Hundreds of charming designs are here hat pins, beauty pins, chains, necklaces, hair ornaments, bar pins, beauty pins—trinkets that will make a brave showing on the outing costume.

### CANADIAN NORTHERN COMPLIES WITH ORDER

Effective Monday the Canadian Northern complied with the recent order of the state railroad and warehouse commission, stopping its trains on flag at Britt, Angora, Cook, Green and Ray. The trains most affected are Nos. 1 and 2, which have not been stopping at these stations since the new time card became effective in June. Tickets are now sold from Virginia for all these stations on any train, and if the stops result in considerable delays it is probable a new time card will be put in force as soon as it can be arranged by the division superintendents and chief dispatchers. The residents of the towns affected are well pleased with the change, as it gives them the best train service they have ever had to Virginia.
