

# Wins First Honors for Window Display

WINDOWS THAT WON.

First honors for the finest trimmed windows in the downtown stores which have participated in Style Show week were awarded to the Glass Block store yesterday, according to the announcement of George Peterson, secretary of the Retail Merchants' association.

The Miller-Albenberg company won second prize and the George A. Gray company third prize. C. D. Alsing, display manager, trimmed the windows for the Glass Block store.

Style Show week has been such a success, Mr. Peterson said, that many of the merchants say they would be content to close their stores for the remainder of the week.

"The sales have been a great deal more than holding up well," said he. "The show could not have been more successful. It shows that the people of Duluth appreciate the efforts of the retail merchants in procuring for them the kind of things they want to buy.

"This is especially true of the women of the city. They are now convinced that the styles the local merchants offer are correct, and that they would be making a mistake to search in other cities."

C. D. ALSING.
