

TENANT MINUS HEAT IN RENTAL JANGLE

Alleged discourteous treatment of a tenant so impressed a gas meter man yesterday that he notified Humane Officer McKercher. Justifying her action on a broken promise, Mrs. Morris Cohen, 1419 East Third street, in order to compel the removal of her tenant Mrs. Claudia Duvaal, living upstairs, ordered the city gas department to remove the meter. Failing to get the meter removed, Mrs. Cohen is alleged to have shut off the heat. When McKercher left the Duvaal home the mother and her four children were huddled around an oil stove.

According to Mrs. Cohen, Mrs. Duvaal promised to "get out" April 1, when the advance rent expired.
