## FRIEDMAN SALE GETS BIG START

\$27.50 Is Price Quoted on Tailored to Order Suits By Popular Local Tailor.

Yesterday marked the beginning of Friedman Bros' end of May sale of suits and coats, values to \$35.00, now \$27.50. And yesterday found scores of regular customers and new patrons looking over the Friedman stock with the idea of taking advantage of this low price on their Decoration day garments.

Ben Friedman talked about this sale yesterday as follows: "The suits that we are now selling at \$27.50 include the Friedman \$35.00 specials which for the past two months have been considered the best buy in the northwest in tailored clothes. Every garment is worth \$25.00 but it is absolutely necessary for us to show a big increase in business in order to move our large stock of summer fabrics, which we bought in anticipation of a remarkably big year. "Every customer who comes in our store can vouch for the enormous stock that we carry. In fact, it looks big to us who have been in business for years and have been accustomed to see stocks of woolsens that are considered large and of wide variety. Yet this summer's fabrics is without doubt the finest collection that has ever been our pleasure to handle. "The sale will continue to Saturday, May 30th and will no doubt prove a boon to the man who wants dressy clothes, but who does not care to pay more than \$27.50."
