

GARRISON ISSUES DEFENSE REPORT

Outline of Program to Congress Suggests Employers Aid Recruiting.

ARMY INCREASE IS 33,835

\$86,000,000 Annually for Four Years Will Be Expended for Reserve Material.

WASHINGTON, Nov. 5.—An outline of the army's part in the national defense program to be submitted to congress in December by the administration was made public tonight by Secretary Garrison disclosing officially for the first time details of the plan to raise a great continental or citizen army to supplement the regular establishment.

In brief, it is proposed to increase the regular army from 108,000 to 141,843 officers and men (changing the term of enlistment from four years to two years with the colors and four years on furlough); to organize a federal citizen army of 400,000 (to be enlisted for a year for three years of strength in the state military by increased appropriations and closer cooperation; and to spend \$20,000,000 a year for four years on coast defenses and \$86,000,000 a year for four years on the accumulation of reserve material for use by a force of 500,000 men.

Appeal Made to Employers. Mr. Garrison says that the framers of the new policy are fully conscious of the possibility of formulating military policies much better in theory, but that "after concentrated consideration of excessive legal and other conditions they think it will be found that almost insuperable objections and difficulties in carrying into practical operation suggestions that from the military standpoint might otherwise be very acceptable."

The statement suggests that if those who are the employers of the young men of the country cannot by reason of age or situation in life, give their personal services, they can do that which is equally useful by encouraging in every way the participation of those in their employ in the plan of national defense.

Disposition of Regulars. If they would so arrange their business that a certain proportion of those whom they engage could undertake this national service without sacrificing their personal interest, those who did this thing would be acting in the most public spirited and patriotic manner possible.

The plan, when completed, would place in the Panama canal zone, Hawaiian Islands, the Philippines, and Alaska 1,435 officers and 47,456 enlisted men. In the continental United States there would be in the regular establishment 2,966 officers and 99,988 men including eleven and two-thirds regiments of cavalry, twenty-six and two-thirds regiments of infantry, seven regiments of field artillery, fifty-two companies of coast artillery and about 4,000 officers and men in engineer and signal corps.

FARRAR FILES REPLY IN 'HOME RULE' CASE

Attorney General Asserts Control of Liquor Traffic Is Police Power of the State.

The reply brief of the state in the liquor controversy between the state and the city was filed in the Supreme court yesterday by Attorney General Fred Farrar. In answer to the "home rule" arguments of the city's counsel, the brief cited numerous cases to support the state's theory that the regulation of the liquor traffic was a state-wide question and did not come under the provisions of the Twentieth amendment.

"The legislature or the people of the state have the right to legislate in regard to intoxicating liquors," the brief declares. "Because it is a question that comes under the police power of the state. It comes under the police power because it is a question that affects the health, the morals and the safety of the community."

"The people of the whole state are interested as to the health, morals and safety of the people of the city and county of Denver as well as of the territory lying outside of said city."

The brief further declares that a state could not, even if it wanted to, divest itself of any sovereign power, such as the police power, and that therefore, the Twentieth amendment could never be construed to allow Denver the full and unrestricted regulation of its liquor traffic.

ESTES GIVES NATIONAL PARK HIGHWAY ITS INDORSEMENT. ESTES PARK, Colo., Nov. 6.—Gus Holm's of Cody, Wyo., chairman of the Yellowstone Highway association, and J. L. Newton, his secretary, were in Estes Park tonight and appeared before a meeting of the citizens of the park.

C. H. Bond was chairman of the meeting and Albert Hayden, Jr., was secretary. The visitors from Wyoming spoke of the movement to connect the two national parks with a highway that would also join them with Denver. They gave details of the work being undertaken in Wyoming, and stated that Colorado, with the advantage of already having good roads in much of the state, could speedily gain all the advantage to be obtained from the two parks.

The remarks were received with enthusiasm and the meeting passed resolutions favoring the road joining the two parks, making a national highway from Yellowstone park to Denver. Messrs. Bond and Hayden were named a committee to aid the project in every manner.

18 SEEK DIVORCE AS 5 ASK TO WED

Nine Decrees Are Granted, Five Cases Are Continued and One Is Held Up.

Out of the fourteen divorce cases set down for hearing before Judge Rothgerber of the County court yesterday, eight were granted, five continued and one held up. One was granted in the District court, one was filed in the District court, and three were filed in the County court. Against the eighteen that figured in the court proceedings five marriage licenses were granted.

Mrs. Mary Tobias, who was granted a decree from Joseph Tobias, said that after thirty-three years of married life, and the children had all grown up and married, her husband got too gay. Mrs. Minnie E. Nelson, who secured a decree from Frederick W. Nelson, was accompanied into court by her husband's brother, who testified for her.

Too Many Husbands. Judge Rothgerber was about to refuse the application of Charles W. Binning for a divorce from Mrs. Margaret J. Binning. But when he was informed that Judge Butler of the District court had last week annulled the marriage of Mrs. Binning with another man, and shown the files in a divorce case pending in the District court where Mrs. Binning was suing another for divorce, he granted the decree.

Mrs. Nellie Englander said that John Englander was a fairly good husband, and they had no trouble, but he couldn't stand the children. She was given a decree. Mrs. Pearl W. Falvey said that Edward E. Falvey came home drunk and told her to stand up. She said she obeyed, and her husband gave her a blow that sent her staggering to the floor.

Must Bring in Wife. Clarence B. Campbell said that shortly after he was married to Mrs. Anna E. Campbell, when he was 20 and she was 24, he was informed that his wife had another living husband. Judge Rothgerber held up the decree until Mrs. Campbell can be brought into court.

The County court granted other decrees as follows: Mrs. Julia Soper from William Soper; Mrs. Louise Pate from A. D. Pate; Mrs. Sadie Daugherty from James Daugherty. The District court granted a decree of divorce in favor of Mrs. Pauline French and against George S. French. Mrs. Catherine I. Yeggo filed suit in the District court against Martin J. Yeggo for separate maintenance, and asks that she be given a decree for their home and the custody of their child.

Following applications were made for divorces in the County court under the new law: Esther C. Chappell vs. Edwin H. Chappell; Harry Rosen vs. Carrie Rosen; Gladys E. Armstrong vs. Paul G. Armstrong.

HIGH COURT GRANTS REPRIEVE TO BULGER

Condemned Man Will Be Tried for Sanity Before Jury in District Court of Denver.

(Continued From Page One.)

ser a new lease on life was the proviso that he must be brought to Denver within the next two months and be tried in the West Side court by a jury commissioned to determine his mental condition.

Should he be declared to be in his right mind, he will have to hang in January. If declared insane, he will be confined in some institution for life. As soon as the decision was handed down, yesterday a telegram was dispatched to Warden Tynan by James E. Killian, clerk of the court, as follows: "By order of the Supreme court, execution of the death sentence upon James C. Bulger is stayed until this week beginning Jan. 2."

It had been decided at the penitentiary that if the higher court denied the reprieve, Bulger would be hanged some time last night or early this morning.

The few persons who had access to him in the death cell declare the former soldier of fortune has been discouraged by the failure of his long struggle for life that he was apathetic, and that the telegram brought only the few faded words of thankfulness.

The date for the hearing on his sanity has not yet been fixed by Bulger's attorneys, but they declare they probably will take about a month to prepare their case.

STATE NORMAL SCHOOL ALUMNI AT LUNCHEON

Governor and Mrs. Carlson were among the graduates of the State Normal school who attended the annual alumni luncheon at the Albany hotel yesterday.

Two hundred and fifty-six graduates were present. Among the speakers were Governor Carlson, State Superintendent of Public Instruction Mrs. Mary C. C. Bradford, John Saxon of Sterling, H. V. Kepner, Victor E. Keyes of Greeley, Miss Frances Tobey, W. A. Franks of Fort Morgan and James Hayes. Miss Tobey will be mistress of the pageant at the school next June in honor of the twenty-fifth anniversary of the presidency of Z. N. Snyder.
