

DRAFT SERIAL NUMBERS FOR THE THIRD DISTRICT

Names in Precincts Nos. 15 to 24 and 28 Are Numbered for Army Drawing.

Following are the draft serial numbers for district three, comprising the election precincts from 15 to 24 and 28. There are 2,448 names on the list.

The fact that a name is on this list does not mean that the person whose name it is will be drafted. It merely gives a serial number.

The draft will be chosen by numbers later. No draft has been made so far.

From the numbers chosen from each district it will be possible to ascertain, from this list, those who must answer the call to appear before the exemption board.
