

## CLOQUET SHOWS APPRECIATION IN WARMEST TERMS

Expresses Gratitude at Mass Meeting for Help Extended People of Destroyed City.

Work done for the fire refugees by Duluth people during the last two weeks has brought forth the deepest gratitude from the stricken communities. Cloquet especially has shown appreciation of the treatment given to its people since the fire. It has sent a resolution drawn up at a mass meeting of the citizens of Cloquet, held at the courthouse in Carlton, with the wish that everybody that had even the very least to do in alleviating the suffering of its refugees will read it and accept its citizens' gratitude.

The resolution follows:  
Text of Resolution.  
"Resolved, that the profound gratitude of our community be extended to the citizens and welfare organizations of Duluth, Superior, Carlton, Proctor and other places which so promptly and generously came to our assistance in our hour of need, following the fire of Oct. 12, which completely destroyed the city of Cloquet and many villages and towns in the surrounding country, by offering us clothing, food and lodging and sharing their homes with us, and whose kind sympathy and generous help has done so much to alleviate suffering in our community.

"Be it further resolved, that the thanks of our community be extended to the governor and state officials and the military organizations who so promptly came to our aid and who so effectively rendered assistance and did so much to relieve distress and, "Be it further resolved, that it is the firm and unalterable determination of the people of the city of Cloquet to rebuild our city on a bigger and more permanent basis than ever before."

The following committee was appointed: S. L. Coy, J. E. Dlesien and State Senator Fred D. Vibert.

## ARTHUR BARNES LOSES LEG IN CEMENT PLANT ACCIDENT

Arthur Barnes lost his right leg a little above the knee as a result of an accident at the Universal Portland cement plant yesterday afternoon. Barnes was working in the mills when he was caught in the machinery. Before help could reach him his leg had been completely cut off.

He was taken to St. Luke's hospital where he is in a serious condition as the result of the loss of blood. He has a small chance for recovery, attending physicians yesterday declared.

## DANDRUFF MAKES HAIR FALL OUT

A Small Bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in a few moments.

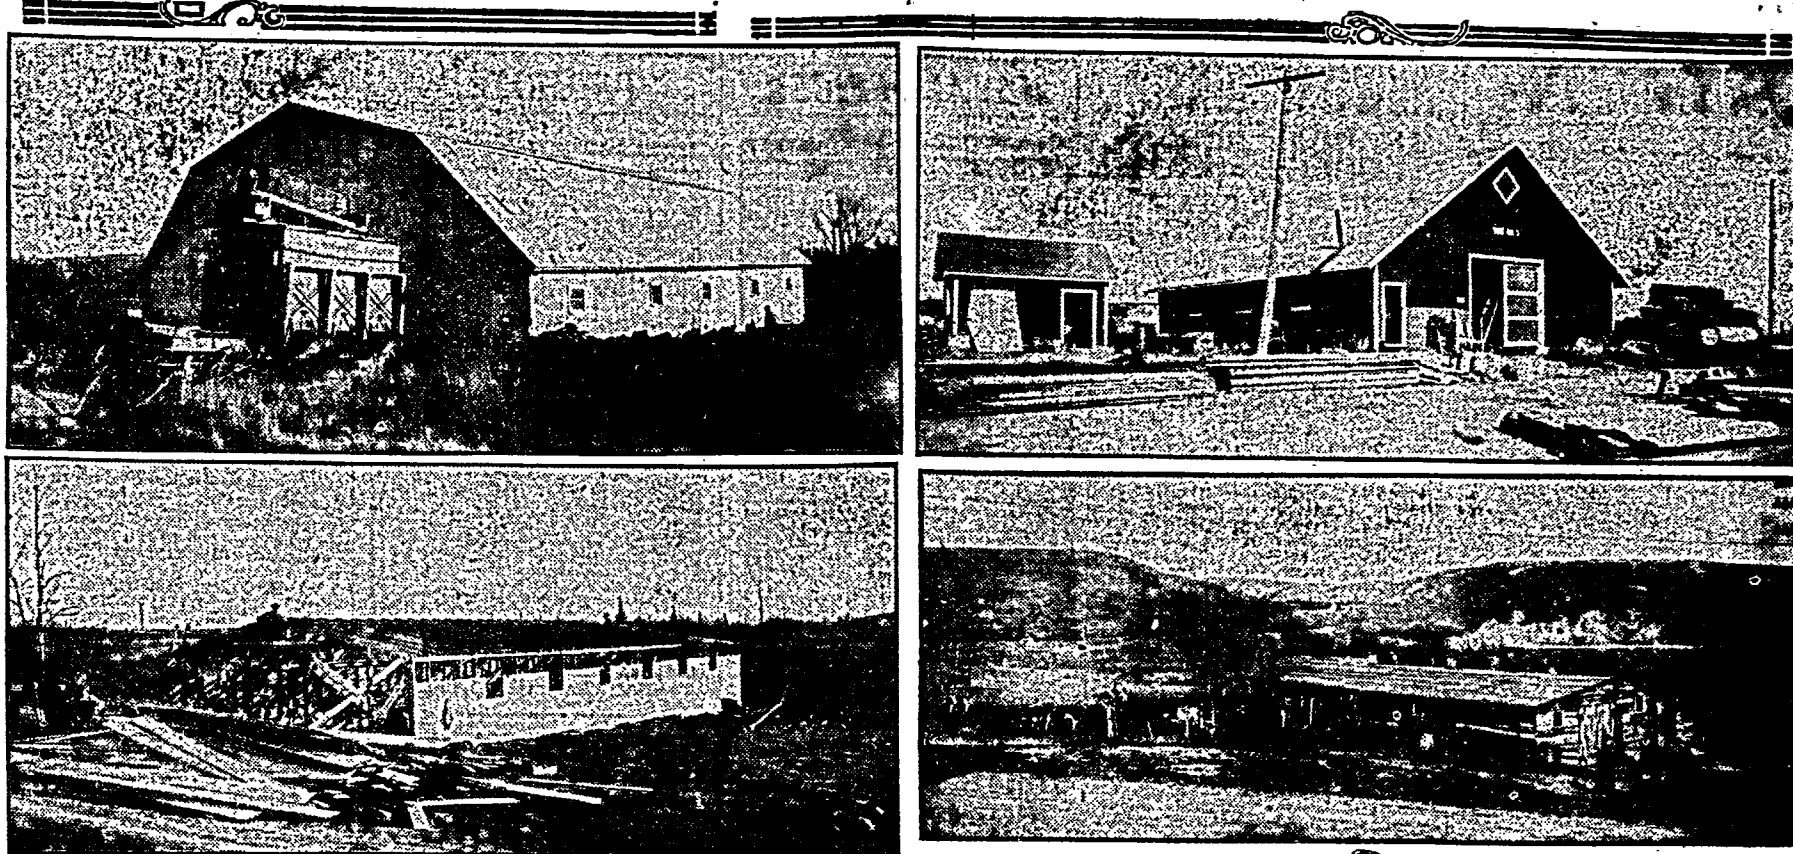

Within 10 minutes after an application of Danderine you can not find a single trace of dandruff or falling hair. Your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and assurance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can. You will just try a little Danderine and have beautiful hair and lots of it.

## 13-YEAR-OLD CLOQUET GIRL PROVES HERSELF HEROINE

A 13-year-old girl proved to be a heroine in the Cloquet fire. Hemmed in on all sides by sheets of flames, Grace Morris, daughter of Mr. and Mrs. E. J. Morris, 428 Nineteenth avenue West, was instrumental in saving the life of her grandmother, with whom she had been visiting the week previous to the fire.

She fought fire all night and aided her grandmother in escaping the flames. The two were not located until Monday morning after the fire.

AMONG the multifarious activities of reconstruction and relief called into being by the forest fire emergency, none has gone forward more encouragingly than the building of shelters for cattle belonging to farmers in the devastated areas. Dozens of community barns are being put up, each the center of a district. Under the direction of E. P. Gibson, county agricultural agent, and with the approval of the county commissioners and the co-operation of the general relief commission this work has gained in magnitude day after day. Some of the shelters erected are shown in the accompanying pictures.

## GRACE MEMBERS WILL AID VICTIMS

Churchwomen to Sew Clothing for Children of Fire Zone.

Members of Grace church Red Cross circle, will meet from 1 to 5 o'clock every afternoon next week, in the work rooms at the church, Twenty-second avenue West and Third street, to sew for the fire sufferers. The first part of the week will be devoted to the making of rompers for the children.

The circle has met every day since the fire to make garments for the refugees. All day Sunday following the fire, the women of the church in large numbers were gathered in the workroom, and 21 large comforts and 10 small ones were made on that day. Seventy-five large comforts and 25 small ones have been completely finished since the fire, in addition to numbers of garments, including dozens of pinning blankets for the babies and children's slippers. At least 1,000 yards of material have been used up for that purpose, according to a member of the circle.

One man in England in every sixty is partially, or wholly, color blind, so at least the tests for the English mercantile marine seem to show. A noted professor maintains that the proportion is even larger. Candidates, after passing all the usual tests relied upon by the navy and the railway companies, have been found to be defective by his lantern.

## EVERY DULUTH DRAFT BOARD BUSIER THAN EVER BEFORE

Between the physical examinations of men whose questionnaires have been returned and the dispatching of questionnaires to be filled out for registrants who are under 19 and those over 36 years of age, the offices of local draft boards are among the busiest places in the city.

Board No. 3 will begin to mail out classification cards early this week to the men who have been examined. District board No. 4 officials stated yesterday that their questionnaires are being returned promptly with the exception of six which have been returned by the postoffice as being uncalled for. They are as follows:

Harry W. Woods, 325 Fortieth avenue East; Henry Smith, Wabasha and Baxter avenues; Herman Udd, box 85, R. F. D. No. 1; Robert E. Jefferson, Lakewood pumping station; Otto G. Werner, 503 West Redwing street; and Oliver Hanson, Fifty-third avenue East and Superior street.

**SIMMONDS, PETERSON ACROSS.**

## PROCTOR RELIEF COMMITTEE AIDS 256 IN DISTRICT

Furnishes Food, Clothing and First Aid to Many Burned-Out Families.

According to a report of the Proctor relief committee yesterday, first aid, food, groceries and clothing have been given to 155 families in the Finnish settlement, and to 101 families at Midway, Adolph, Maple Grove and in the vicinity of Proctor.

The committee also served 1,256 meals in the Proctor high school building. They have placed one man who was badly burned in a hotel until such time as he is able to work. Fifty patients who have been placed in hospitals of Duluth were cared for at Proctor for periods of from three to 10 days. No record was kept of the persons given first aid on account of the large number.

W. F. Morong, secretary of the Proctor Y. M. C. A., was chosen chairman of the relief committee at the fire meeting held early Sunday morning following the fire. Mrs. C. B. Gilbert chairman of the Proctor branch of the Red Cross, assisted him. About \$4,000 has been collected.

## MISS OLKER, PHONE OPERATOR, ARRIVES SAFE IN FRANCE
