

GREAT LAKES CLUB FORMED

Peyton Paper Company to Have Social Or- ganization.

Such goodfellowship has been developed by the series of dinners at which the employes of the Peyton Paper company have welcomed home each newly arrived soldier and sailor, that a permanent club has been formed. The Great Lakes club, which is to be its name, was an outcome of the dinner given at the Klitchi Gammi club Saturday night in honor of I. F. Powers, J. D. Watt and E. Robinson, the last of the Peyton paper men to return from service. About 30 members of the staff were present representing the sales, office and house departments.

The new club will continue arranging for similar dinners and other social affairs. The officers are B. M. Peyton, honorary president; I. F. Powers, vice president; W. D. Dean, business manager; E. M. Thomas, treasurer, and Jack Campbell, secretary. W. S. Phillips is permanent chairman of entertainment committee. The executive committee are B. M. Peyton, I. D. Mondschine and J. N. Norris. They will draw up a constitution and bylaws. The first social affair will be given within a short time.
