

CHISHOLM HIGH SCHOOL ENTERS INTER SCHOLASTIC DEBATE

*March 8 Will Be Big Day When Contestants From
Many Schools Will Be Entertained*

CHISHOLM, Feb. 27.—The Chisholm high school will enter contestants in all interscholastic contests in public speaking this year. The local high school representative, Miss Rita Lewis, will be entered in the declamation contest at Hibbing Saturday evening, and her selection will be from "If I Were King."

On March 7, Arney Wall will go to Ely to participate in the range discussion contest. The topic will be, "The Greatest Benefit This Nation Has Derived From the War."

Chisholm will entertain contestants from many range schools on March 8, when the second annual range contest in extemporaneous speaking will take place. Last year, both in the range and state contests, the Chisholm high school won. Miss Jennie Wall, now at the University of Minnesota, was the winner. Principal Bess Clark of Chisholm is district chairman of the contest this year, and up to date the following schools and their representatives have entered: Ely, William Gallagher; Nashwauk, Milton Reik; Coleraine, Elvira Nordstrom; Gilbert, Mark Nolan; Hibbing, Lillian Van Osdel; Duluth Central, Robert Adair; Chisholm, Harriet Lewis. Other schools which are expected to enter are Aurora, Grand Rapids and Biwabik.

Two of the three judges for the contest have already been secured. They are Supt. M. A. Morse of Buhl and Supt. N. A. Young of Duluth. In

case Biwabik does not enter a contestant, an effort will be made to secure Superintendent Lunn of that village.

Miss Esther Lehrbas and Miss Clark are jointly taking care of the many details connected with the contest here. Miss Lehrbas is coaching the contestants for the dramatic and discussion contest, and Miss Clark is coaching the students for the extemporaneous speaking contest. Several of the local contestants will be handicapped by the fact that they have bad colds, but every effort is being made to have the entrants in good voice when the final contest occurs.
