

Range Infant Classed Among Healthiest Babies

Hibbing, Aug. 11.— Marvin, 15-month-old son of Mr. and Mrs. Jacob Cohen, South Hibbing, is one of the babies chosen to represent Minnesota in a Chicago newspaper's "healthy baby" contest. He weighs 30 pounds and is two feet six inches in height.

An elimination was conducted in four middle western states. From among the healthiest babies in Minnesota one will be chosen and will receive a prize of \$500. The baby also will be given a trip with its parents to Chicago where judges will determine which of the four babies from the four states is "healthiest."
