Household Helps

LOOSE SCREWS If loose screws are drawn out of furniture, dipped into glue and screwed back in quickly, they will stay put. FIRE HAZARD Burn up all cotton waste used for polishing furniture. Many a fire has been caused by spontaneous combustion of just this. THIN SPOTS When your rugs or carpets develop thin spots from hard usage, before they break through, darn them down onto a piece of woolen on the wrong side. DRESS ELBOWS With the new long, tight sleeves, elbows come through silk dresses quite easily. Examine your sleeves carefully. If such a catastrophe is imminent, sew a band of silk inside, around the sleeve, by blind stitches, catching it firmly at the seam. GREASE SPOTS Don't wash grease spots on linoleum or wood floors with hot water as this sets grease. Wash with soap powder and cold water, until the grease comes out. WHOLE CAULIFLOWER You can keep a cauliflower whole by tying it up in a piece of cheesecloth for cooking. Be sure not to over-cook. It is excellent served with drawn butter and grated cheese. VEGETABLE WASTE Some of the best part of vegetables is lost through thick paring and over-cooking. Most vegetables should boil from 10 to 15 minutes only. CLEAN WINDOWS Instead of using soap and water on windows, try using a cloth dipped in ammonia and whitening and then polish with a chamolite. Episcopal Food sale Saturday at Steele. Baked beans and brown bread. The Capital City Lodge No. 2 will have a social dance Saturday evening, Feb. 1st. Odd Fellows and Rebekahs invited.

Carleton Symphony Band at city auditorium Feb. 13.

Now you can protect her lovely hair! Millions of men and women know how Danderine helps stop falling hair and dissolves the worst crust of dandruff; how easily it changes dull, lustreless, brittle hair into hair that is soft, sparkling, vigorous. With Danderine it is so easy to "train" a child's hair; to keep it orderly, sparkling, clean. Danderine accentuates the natural curl of a child's hair. A girl's "waves" look more natural when "set" with it. And they stay in longer. Use Danderine with children to overcome the evils of frequent washing. It puts back into hair and scalp the natural oils removed by soap and water. Danderine isn't sticky or oily; doesn't show. It is no trouble to use. Just put a little on the brush each time the hair is arranged. That will keep the scalp healthy and encourage the growth of long, silky and abundant hair. Five million bottles used a year is proof of Danderine's effectiveness.—Adv.
