The Community Center will be used until permanent quarters are decided on.

All those interested are encouraged to come to these classes, whether former students or new. Miss Mills gathered new ideas during the summer which will include wood carving, leather work, paper modeling, tapestry work, weaving and metal work.

Pupils can attend afternoon or evening classes but only one class per week and Miss Mills asks all to register during the week of September 26th.

ELY PLAY GROUP PLAN ACTIVITIES

Activities for which it is believed competent leadership is available that can meet the necessary qualifications were selected at a meeting, Tuesday evening in the Community Center, of the planning committee in charge of inaugurating a leisure hour program here for both young and old.

They include art craft, puppetry, folk and tap dancing, coral work, basketball and volleyball, boxing, skating rink and toboggans.

Modern dancing to be held for young people from 4 to 6 o'clock in the afternoon has been discussed, but the starting of this activity may depend somewhat on whether a federal music project can be obtained for Ely. An effort is being made to obtain such a project and if it is successful a band, whose expenses will be met with WPA funds, will be organized. It could provide free music for any group or social function.

The Community Center, if arrangements can be made, will be the site for most of the activities, with the two gymnasiums at the school also being used.

The skating rink will be located at the south edge of Whiteside Park, as in the past and a site will be selected for the construction of snow toboggan slide.

Earl Hobe, Virginia, recreational supervisor for this section of the state, was present and spent Wednesday here interviewing prospective leaders. A portion of the program will be started as soon as possible.

The officers selected at a previous meeting, Mrs. A. J. McMahon, chairman, and Helmer Olson, secretary, are serving temporarily, and as soon as the program gets under way permanent officers will be chosen.

Some fifty members of the Ely Republican Club assembled at Room 209 of the Community Center on Friday evening and listened to Edward Hatch, chairman of the St. Louis County Republican organization, tell of the expectations and ambitions of the party in this county and also of the almost assured success of the Republican candidate for governor in the November elections.

Accompanying Mr. Hatch from Duluth were Vern Selseth and Joseph Bognu connected with the headquarters established in the Zenith City to furnish literature and information and which headquarters are being visited by many daily.

Mr. Hatch addressed the meeting and spoke of the enthusiasm of the party for Harold Stassen for governor and William E. Pittenger for Congress in the Eighth district.

The meeting was presided over by Helmer Olson who introduced Mr. Hatch. Several from Tower district present. Mrs. George E. Spear, district chairwoman; Mrs. H. Friedman of Virginia, county chairwoman; Gordon Anderson, secretary, and Fred Denfeld, vice chairman of the county group, also were here and participated in the meeting.

"We want a Congressman that's regular" said Chairman Hatch in speaking of William Pittenger. The chairman also asked the club to name six to serve on the county committee, as soon as possible. He also informed the club that Harold Stassen, candidate for governor, would be here on September 29, and speak from the Forest hotel porch to a noon meeting that day providing weather permits, otherwise other arrangements will be made.

Many are awaiting the appearance of Mr. Stassen here with considerable anticipation over the chance of meeting the popular candidate.
