Mr Graceman was one of the most influential people in my life, he was a most dearest friend, parent, patient listener and trusted advisor.

we were each others fan club.l'll always miss his smile, love and even kinda miss his cell number :-) For anyone who lost a friend in Barry, I'm sorry. For those who got to know him know we lost a real gem.

I met Barry in 1983 when I was developing the Eden Prairie Auto Mall. It was a successful venture for all of us who built there. I became friends with Barry through that. He was honest, respectful and a good partner through all those years. All of us sold our companies and moved on and in recent years, I had not seen Barry. Always remember the gleam in his eyes, his good humor and integrity. My condolences to the family. Those who had the privilege of knowing Barry, were better for it. God Speed!

Barry, was one of my favorite friends. We both grew up in family carwash businesses, his family was very involved in the distribution of car wash equipment we produced, we both served on the ICA Board. In the early days they referred to Barry as one of the "young Lions", he was every bit of that and I like so many others have such fond memories of Barry as a just a wonderful, gracious and thoughtful person, He will be missed by so many. God bless you Barry and your family.
